Get out of the dark ages and give the poor quality taxis/ drivers in our state a run for their money - we choose UBER simply because we have had fabulous experiences in many other states using UBER and several other ride share programs (i.e. LIFT). We would appreciate the opportunity of patronizing UBER in S.C. and vote for them to be given the opportunity to operate legally as such.

For all your retarded republican rhetoric about free market crap you think you would be all about Uber but I guess when it comes down to it, it's all about who pays you the most.

If you're serious about less government leave Uber alone.

As a member of the bar of South Carolina, I'm appalled that an association of yourself would send a cease and desist order to uber, a free enterprise venture, that seeks to extend a customer based service to the citizens of South Carolina. Your coward approach has caused an unruly reaction amongst many South Carolinians. Regardless of your party affiliation, I hesitate to ask each one of you to look yourself in the mirror and discover who you really are. By condemning uber, you have effectively advocated for a monopolistic structure of taxicabs, which has proven to be unlawful in USA. You have effectively advocated for a system in which just good enough is enough. I'm embarrassed and appalled at the same time that such patriarchs could decide our fate. I challenge each of you to walk a mile in my shoes and every citizens shoes. I'm ashamed of you even though I don't know you. I look forward to you're communication in the future. I won't hide behind a generic email.

Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on the Uber platform for safe, low-cost rides.

Why is Uber being asked to cease & desist operations? People get into taxis which are not even as available in Greenville SC and surrounding areas which are closest to me. Uber is very easy and safe. I have friends who use this service often. I have a friend who was an Uber driver until recently so I also know what background checks are required. Are taxi drivers are required to pass those??

Thank you for your time.
